2017.0	4	310.0	77.5
2021.0	3	304.0	101.33333333333333
2022.0	3	300.0	100.0

Key findings

genre and country have strong categorical association (Cramér's $V=1.000$).; title is nearly unique per row (100.0%).

Caveats and assumptions

Fixtures are synthetic validation data. Uploaded datasets remain the source of truth; field aliases are recorded in the build metadata.
